

Sacred Heart College

AUCKLAND

Recommended Local Caregivers

All international students boarding at Sacred Heart College Hostel—regardless of their age at the time of enrolment—must have a local caregiver based in Auckland to provide additional support.

A caregiver plays an essential role in a student's life while they are living away from home. They are expected to take an active interest in the student's well-being and act on behalf of the parents in all matters concerning the student. This includes helping with practical tasks such as organising name labels and laundry numbers, arranging transport, attending healthcare appointments, and providing emergency accommodation if the student becomes unwell, is involved in disciplinary matters (e.g. stand-downs, suspensions, or expulsions), or in the event of an unplanned Hostel closure.

Parents are welcome to nominate a relative or family friend as their child's local caregiver. Please ensure the nominated person understands the level of involvement expected and is willing to sign a caregiver agreement with the College.

Alternatively, parents may choose to engage a professional caregiver from our list of recommended agencies or individuals below. These providers typically charge a caregiver fee, and families are encouraged to contact them directly to make arrangements.

Please note: A signed Caregiver Agreement is a requirement for enrolment into the Hostel and must be submitted before an Offer of Place can be issued.
